

INVESTMENT PHILOSOPHY

Alta Capital Management believes companies with high free cash flow growth yield superior risk-adjusted investment returns. The tenets of our process encompass the following:

- Quality factors are key to long-term alpha generation
- Growth in earnings and free cash flow drives stock prices
- Sustainability of earnings growth, profitability and competitive advantages drives future cash flow generation
- Superior FCF growth with lower EPS variability leads to more resilient, risk-adjusted outcomes

KEY CHARACTERISTICS

- Robust cash flow generation
- Secular earnings growth with lower earnings per share variability
- Sustainable competitive advantages
- Profitability throughout the economic cycle
- Financial flexibility
- Valuation consciousness

INVESTMENT PROCESS

Companies are identified through a fundamental, bottom-up investment process, beginning with a universe screen that seeks to identify companies that demonstrate financial strength, strong profitability, and a favorable track record.

Further analysis of these firms using Alta's proprietary free cash flow model, helps define the present value of the company. Fundamental analysis validates the strength of the company's management, business, and future performance expectations.

Favorable culmination of this process is the recognition of a security whose current trading value is significantly less than its intrinsic value. For the security to establish a position, the Investment Committee must confirm eligibility, appropriate entry price target, and proper placement within the portfolio.

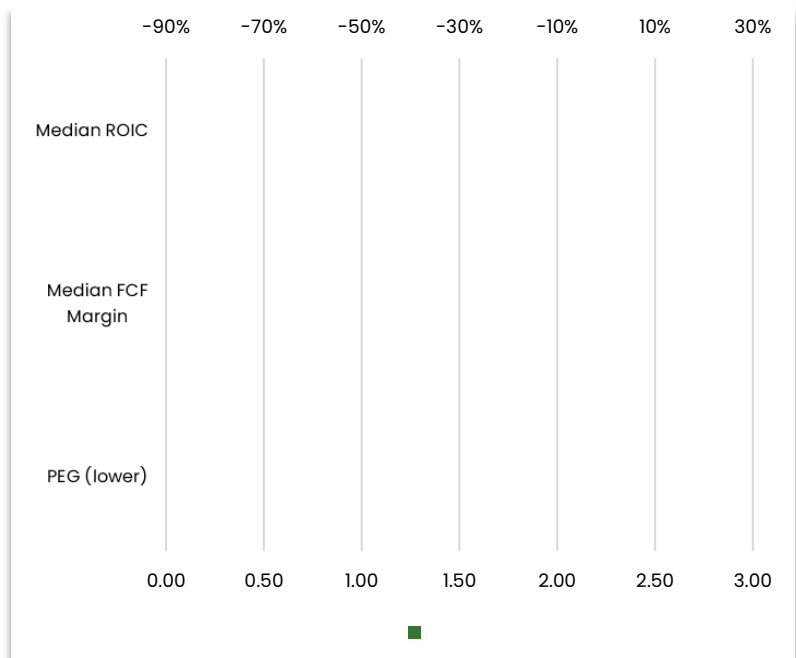

OUR PORTFOLIO

We seek companies that support our three pillars: profitability, growth, and valuation. We build portfolios of companies demonstrating exceptional EPS growth, ROIC, margins, and valuation.

Alta Capital Management, LLC is an independent money management firm that focuses on identifying high quality growth companies through fundamental analysis and a sound valuation methodology. The Russell 2500 Index is a market cap weighted index that includes the smallest 2,500 companies covered in the Russell 3000 universe of United States-based listed equities (companies up to the \$10 billion market cap range). The GIPS firm is defined as Alta Capital Management, LLC which claims compliance with the Global Investment Performance Standards (GIPS®). GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein. On October 3, 2023, Alta Capital Management, LLC became a wholly owned subsidiary of Guardian Capital Group Limited. To receive a complete list and description of composites and a list of broad distribution pooled funds and/or a GIPS Report, contact Alta Capital Management at 801-274-6010, or Compliance@AltaCapital.com. The SMID Composite includes all fully discretionary Alta SMID equity accounts who have been with the firm for an appropriate time period, investing in equities with a market capitalization between \$500 million and \$25 billion at initial purchase. The composite excludes portfolios with material restrictions imposed by the client that impair our ability to fully implement the intended strategy. Performance results are time-weighted total returns that have been adjusted for cash flows. Composite results have been aggregated monthly and weighted based on end-of-month portfolio valuations. The minimum account size for this composite is \$200,000. The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated on an applied model fee basis of 1.0% annually, applied monthly. Past performance is not indicative of future results.
